Dear Mr. Hulihan:

The U.S. Environmental Protection Agency (EPA), through its contractor, Weston Solutions, Inc., has completed its Preliminary Assessment/Site Inspection of the Musik Mine site in Lane County, Oregon. A copy of the Preliminary Assessment/Site Inspection report is enclosed. Based on this review, EPA does not anticipate further investigation under the Federal Superfund Program. EPA's no further action designation does not relieve your facility from complying with the appropriate Oregon state regulations. If you have any questions about this letter, I can be reached at (206)553-2594.

Sincerely,

A handwritten signature in cursive script, appearing to read "Joanne LaBaw".
